

# United States Attorney General

There is no need for the federal Communications Commission or the Attorney General to respond to the filed and docketed *Petition for a Writ of Mandamus* now before the Supreme Court. (10-6240) Mr Neeley asks for no damages from the Federal Communications Commission or the United States. It is beyond the ability of even the whole United States to pay for the damages already done on Earth by the United States' international trafficking in pornography by WIRE COMMUNICATIONS and failure to recognize moral rights in US Title 17. Curtis J Neeley Jr would not drop this litigation for an offer of all of Earth's money. Mr Neeley only wants the United States to begin recognizing the moral rights to exclusively control original art like is done in less backwards countries and for the US to be as embarrassed about this error as the country should be for driving out the indigenous people of America and dropping WMDs on two cities in Japan.

The Federal Communications Commission and Attorney General can consider this an *ex parte* communication and ignore it just as the FCC has WIRE COMMUNICATIONS since they began broadcasting pornography to the entire Earth while coupled with the United States' refusal to recognize a fundamental right given by the Creator.

Samuel Alito may never see the mandamus petition and docketing is usually just a few months before denial. Curtis J Neeley Jr has obeyed the Great Counselor's bidding and accepts that there is nothing further for him to do until next year in (5:09-cv-05151) before a JURY. Yes, before a J-U-R-Y!

The Earth's wealth can never restore Curtis J Neeley Jr. Mr Neeley remembers checking his first wife's dilation and touching his daughter's head. Mr Neeley loves his daughter but is unable to remember her living with him and his second wife or much of anything else about her or her older brother.

Curtis J Neeley Jr remembers loving his first wife and destroying his first marriage. There is no way to 'fix' the fact that Mr Neeley was unfaithful. There is also no way for the University of Arkansas to reverse having Michael Peven MFA as head of the Photography Department since around 1978 with no degree in photography and producing only pornography and snapshots as the head of the University of Arkansas' *non-photography* program. Google Inc once alleged Michael Peven's erect Penis book image could be found on Mr Neeley's WIRE COMMUNICATIONS, or website. Michael Peven's erect penis photo has never been anywhere besides the UARK.edu server and marketed at <vampantramp.com>.

There is nothing that can be done to change the fact that Roman Polanski raped Samantha Geimer about the time Mr Peven was photographing his erect penis and beginning his professorship at the University of Arkansas.

Adam ate the forbidden fruit and then attempted to blame Eve for his sin. Lucifer has rejected the Creator thus far. Nothing can be done to repair these wrongs anymore than anyone can make Curtis J Neeley Jr whole.

The United States is unable to alter history but has an obligation to alter the future. Mr Neeley has not asked for money from the United States and half of the JURY award will gladly be paid in taxes to the United States when (5:09-cv-05151) resolves. Mr Neeley has asked the Supreme Court to order the United States to recognize moral rights intentionally missing from US Title 17 and stop the international trafficking in pornography by WIRE COMMUNICATIONS. The Attorney General can ignore this filing and simply watch as it gets denied. *Amici* are rarely filed at the petition stage but Curtis J Neeley Jr invites the Attorney General to respond or ignore. This *ex parte* communication will be published at <CurtisNeeley.com/5-09-cv-05151/Docket/index.htm>.

Humbly submitted,

s/ Curtis J Neeley Jr.
