**REDACTED complained!**

[^My d'Art Gallery^](#)

I was recently in court for an emergency custody hearing. REDACTED to protect minor identities. REDACTED accused me of abuse. REDACTED also 'kidnapped' them or disapeared with them at the time. Had REDACTED not filed for custody, it would have been a crime!

I have done [fine art figure photography](#) for 15 years. REDACTED brought a photo printed out from my website and put it into evidence as the type work I was doing in front of the children. This was a lie. The facts or lies about them do not appear to trouble X. REDACTED also introduced a photo of my X standing before a dry lake bed that I had in my BLOG on [March 7, 2005](#).

REDACTED said my comment that "it was fun getting her to pose" was inappropriate. REDACTED tried to make it sound bad or somehow sexual.< REDACTED must have thought getting custody or accusing us of abuse would help in some way. **During the trial the judge ordered me to shoot no fine art nudes at all! I didn't. I do not feel it was right, but I complied!**

The judge said there was no emergency nor a reason to alter custody! The judge ordered [X](#) to pay our attorney fee's and This has not happened yet! If it wasn't for the State Enforcement folks it probably never would! It is NOT why I am bothered.

The other day, REDACTED told my guardian to **TELL** me to remove any references to X from my BLOG! and any forum. I did **but not for long!** [X](#) threatened to try to accuse me of abuses again.

**I am severely brain damaged because of a car wreck and was once not my own guardian.**

**God  
saved  
THIS  
driver's life!**

**GOD experienced death as  
Jesus, but is alive today!**

I recently got my own guardianship back. X found my BLOG on a Google search on the name and was very upset and started threats. X said in court that I do not have the mind of an adult. That issue played well for X back when I was "legally" incompetent. Perhaps X doesn't know that it is no longer the case?

If in NW AR please look at REDACTED resume and hire . X does really well at *SOME* things! ...- **So do I!** The web giveth and the web taketh away. helped him CREATE evidence now only reveals the truth!

**rainy day**

It was fun getting her to pose.

The backhoe is finishing digging the puddle/lake I guess!
