Million dollar image

Curtis J Neeley Jr MFA created this photograph and has sued NameMedia Inc for violating copyright to this image and his TM of his hotel reservation domain [sleepspot.com](#). Please visit and protest click-close a few ads You may see the suit detailed at [www.NameMedias.com](#)

Curtis J Neeley Jr asked for one million dollars per nude image.

Curtis J Neeley Jr was a legally incompetent person when this was uploaded or he did not see their claim that any user content becomes permanently [NameMedia's](#)

Do you realize that NameMedia Inc. says anything uploaded becomes theirs permanently and that they will not delete it after being asked to do so?

Deleting this will only serve as further evidence of their realizing Curtis J Neeley Jr is distressed. NameMedia did not own photo.net when this was uploaded by a severely brain damaged Master photographer Curtis J Neeley Jr. and they will not after the lawsuit is settled.
